Scope of Work

- To design strategic roadmap in Region 10 to develop robust leadership and effective volunteers.
- To organise orientation, succession planning, related training and guidance in cooperation with the IEEE Center for Leadership Excellence (IEEE CLE).
- To transform IEEE members to successful and ethical volunteers and leaders through well thought of training programs.

R10 UpSkill Volunteer Program (Proposal)

- Objective is to equip R10 volunteers with the necessary skills, knowledge, and resources of IEEE.
- Aim to empower volunteers to make a meaningful impact, and foster positive relationships.
- Region realignment w.e.f Jan 2028. Training is required for a smooth transition and sustainability of active volunteerism.
