# MISSION, VISION, AND CORE VALUES **REMAIN UNCHANGED**

## MISSION:

IEEE fosters technological innovation and excellence for the benefit of humanity.

## VISION:

IEEE will be essential to the global technical community and to technical professionals everywhere, and be universally recognized for the contributions of technology, and of technical professionals in improving global conditions.

## CORE VALUES:

Trust, Growth & Nurturing, Global Community Building, Partnership, Service to Humanity, and Integrity in Action

# IEEE Strategic Goals (2025 – 2030)

Advance science and technology as a leading trusted source of information for research, development, standards, and public policy

Drive technological innovation while promoting scientific integrity and the ethical development and use of technology

Provide opportunities for technology-related interdisciplinary collaboration, research, and knowledge sharing across industry, academia, and government

Inspire intellectual curiosity and support discovery and invention to engage the next generation of technology innovators

Expand public awareness of the significant role that engineering, science, and technology play across the globe

Empower technology professionals in their careers through ongoing education, mentoring, networking, and lifelong engagement

# 2025 IEEE Ad Hoc Committees

---

2025 IEEE Ad Hoc Committee on One IEEE Education Strategy for Empowering Technical Innovation

2025 IEEE Ad Hoc Committee on One IEEE to Enable Strategic Investments in Innovations and Public Imperative Activities
